

# BIBFRAME Use: Vocabulary, Conversion, Reconciliation

*4 December 2017 - Collocated with SWIB17*

10:00 - 10:15 Welcome, update, etc. / Leif Andresen

10:15 - 10:40 BIBFRAME Ontology Patterns / Ray Denenberg

10:40 - 11:05 Conversion, Reconciliation / Wayne Schneider

11:05 - 11:15 Break

11:15 - 11:45 Reconciliation (continued), Merge and Match / Nate Trail

11:45 - 12:00 Discussion/Questions

# European BIBFRAME Workshop 2017

German National Library – 26+27 September 2017

**BIBFRAME use** – 4 December 2016 collocated with SWIB17

Leif Andresen

Royal Danish Library

# Introduction

- Over the last years, there have been several Linked Open Data projects in libraries.
- The library community needs one international standard for interchange of bibliographic metadata based on modern technology.
- BIBFRAME shall - according to the intentions of the Library of Congress - replace MARC.
- BIBFRAME has the potential to become more global than MARC21.

We have to move from:

# To linked data

# Next step

- European BIBFRAME Workshop 2018
- 18+19 September 2017: Florence by invitation of Casalini Libri s.p.a.
- Organizer Group 2018 Workshop
- Duties:
  - Prepare European BIBFRAME Workshop 2018
  - Consider other events, e.g. training
  - Consider other initiatives
  - Be in contact with Library of Congress and LD4L/LD4P
  - Maintain a mailing list "workshop specific"

# Other initiatives and Events

- Bibframe.org reuse in dialogue with Library of Congress: Build a wiki with structured documentation, examples, training material etc.
- Develop BIBFRAME requirements for ILS tender
- Satellite event at SWIB 2017 in December
- Discussion with RDA / EURIG

# P's

- P for practice
  - P for practical
  - P for production
- 
- P for planning the future

# From introduction

- *Over the last years, there have been several Linked Open Data projects in libraries.*
- *The library community needs one international standard for interchange of bibliographic metadata based on modern technology.*
- *BIBFRAME shall - according to the intentions of the Library of Congress - replace MARC.*
- *BIBFRAME has the potential to become more global than MARC21.*
- **The workshop underlined this!**

# Satellite event at SWIB 2017
